

# NATURAL GAS FOR YOUR ENTIRE HOME

Whether you find comfort from a hot shower, home-cooked meal or the savings that come with lower energy bills, natural gas is the choice for you. From room to room, natural gas helps you feel right at home.

Save about \$300 a year with a natural gas water heater.

A natural gas furnace distributes air that's 25 degrees warmer when it leaves the vent compared with an electric heat pump.

Cook your meals at about half the cost with a natural gas range.

A natural gas fireplace lights quickly, so you can enjoy your fire sooner.

Dry your clothes faster and for about half the cost with a natural gas clothes dryer.
